SUMMARY

Full Stack Developer specializing in MERN Stack and Next.js, skilled in building secure, scalable, and responsive web applications using JavaScript, TypeScript, and Node.js.

EXPERIENCE

Full Stack Developer

May 2026 - Present

Freelance / Open Source

- Built and deployed web applications using React, Next.js, Node.js, and TypeScript. Contributed to open source projects and developed responsive, secure solutions.

PROJECTS

Resume Builder

Web App

- Built an AI powered resume builder with customizable templates, real time editing, and PDF export to create professional resumes effortlessly.

Mega Blog

Web App

- Developed a responsive blogging platform using React and Appwrite, featuring secure authentication, blog creation, image uploads, and content management.

Portfolio

Website

- Designed and developed a responsive developer portfolio using Next.js, Tailwind CSS, and modern web technologies to showcase projects, skills, and professional experience.
